## President's Letter

Happy December Arties

### 2016 Christmas Swap

We will have our annual Christmas Swap at the December meeting 12/15/2016. This is completely voluntary. We have had great participation the last few years. Bring a small turned item in a small paper bag. We will tie a string on the bag and put it into a box. If you brought something you get to draw a string.

### Arboretum:

The Arboretum has confirmed that there will be "The Art of the Woodturner III" in 2017. In connection with that the Arboretum is giving out wood on December 6 at 10.30am.

### Wood Swap

The small maple pieces in this months wood swap is a box of free wood sent to AAW clubs from North Woods Figured Wood. Their offer was they sent a box of free wood as long as we paid the shipping.

### Learn and Turn Mentor:

I would like to have a permanent one – I'd like someone to stand-up and take this on.

### President's note of the Month:

There are a few items that I want to discuss at the meeting that will affect all members. If it's at all possible please attend. Also the club needs to get people lined up to take positions as officers. With one exception, I hope all officers are planning on keeping their position.

**It's time to Start giving back to your club.**

Be Safe and Happy Turning!

John Flynn, POART

- When you have to chase your lathe around the room, you're turning speed is too high.
